

LoopLine Returns, Repairs, and Refunds Policy · Revision 2026.2

Synthetic training document for LoopLine Resolve AI. No real customer or company data.

Repair-first rule

CLAUSE R-1. When a covered repair is technically possible and estimated cost is below sixty percent of replacement value, repair is preferred.

Replacement

CLAUSE R-2. Replacement may be proposed when a covered repair is unavailable, unsafe, or costs sixty percent or more of replacement value.

Refund approval

CLAUSE R-3. Refunds above EUR 300 require supervisor approval. No automated agent or tool may issue a refund.

Evidence gaps

CLAUSE R-4. When the serial number, proof of purchase, or required visual evidence is missing, request the missing information. Do not infer eligibility.

Fraud indicators

CLAUSE R-5. Arithmetic inconsistencies, altered totals, duplicate serials, or conflicting dates require manual review. A fraud indicator is not itself proof of fraud.
